5. "COMMERCIAL PRODUCT" as used herein shall mean an electronic document or data file created by use of the Font Software which is offered for distribution to the general public (or to some subset of the general public) as a commercial product in exchange for a separate fee or other consideration. By way of illustration, not limitation, an electronic book or magazine distributed for a fee shall be considered a Commercial Product; a document distributed in connection with a commercial transaction in which the consideration is unrelated to such document (for example, a business letter, a ticket for an event, or a receipt for purchase of tangible goods) shall not be considered a Commercial Product.

Furthermore, this Grant of License includes a maximum creation of 250 impressions for resale by the Purchaser. For clarity, an impression is a unique design using the Font Software and is independent of the number of prints made of that design. For example, 1000 prints of a wedding invitation created with the Font Software = 1 impression. If you need additional impressions, now or in the future, please contact DS at license@debisementelli.com for an additional license purchase.

This term is contractual in nature.

However, the Font Software may be installed on not more than two (2) computers for each Licensed End User, provided that both computers are not used at the same time. For the purposes of clarity, a Licensed End User may install the Font Software on their laptop and their workstation, provided both are not used at the same time. Alternatively, you may install the Font Software on a single server for use on a single local area network ("LAN"). Use of the Font Software in this environment is limited to the number of Licensed End Users identified when the Font Software was purchased. The Font Software may not be installed or used on a server that can be accessed via the Internet or other external network systems (a system other than a LAN). You may not embed Font Software in a Commercial Product without a separate written license from DS, and you may not embed Font Software in a .pdf document where the Font Software can be accessed or where the Font Software is included as a resource in a data file for any reason other than your own Personal or Internal Business Use.
